**Sans Souci FC would like to bring to your attention to the player allocation and grading process:**

Grading is carried out by a grading committee comprising of experienced representative coaches (who have played at Premier League level) and senior SSFC committee members who collectively have many years of coaching experience.

- For unbiasedness, no parent coaches will be involved in this process.
- The grading committee will run through a thorough scoring (grading) system before a player is allocated into a grade. We expect to finalise initial teams and grading's approx. 1 week after this session and you will be contacted after this point by your team coach.
- Please note that further re-grading of players may occur during trial games held in March, where the grading committee will observe players in real game scenarios.
- It is the grading committee's objective to ensure players are graded according to their football capability, so that they can have a positive football experience during the year and grow as a player and a person overall.
- It is also our intention to ensure non-comp players and teams are put in correct association levels (beginner, intermediate and advanced) for their overall development and enjoyment. This will be discussed at the team allocation day.
- Good Luck to all and may you enjoy your football in 2023.

**Arrive 15 minutes early. Players need to be ready with their full playing gear including shin pads.**

**PLEASE NOTE: Parental involvement as coach/manager co-ordination of teams (especially non-competition Under 6 to under 11's) is mandatory for teams to be formed. This will require 2 parents to become Registered Team Officials (RTOs).**

We will have a Saturday where under 7 to 9's can trial for Advanced Teams, Saturday 18<sup>th</sup> February 8:30am.
